

VOLUNTEERS NEEDED FOR
RESEARCH STUDY

PAIN MEDICATION AND CANNABIS INTERACTION STUDY

Researchers at Washington State University Spokane are looking for people who are:

- 1) WASHINGTON RESIDENTS;
- 2) AGE 21 OR OLDER;
- 3) USING CANNABIS (IN SMOKED FORM);
- 4) PRESCRIBED HYDROCODONE (NORCO, LORTAB, OR VICODIN®) FOR PAIN

To participate in a study to figure out how cannabis and hydrocodone are metabolized. Participants will submit urine and blood samples and complete two surveys over 2 full days on the WSU Spokane campus.

EARN CASH OR GIFT CARDS FOR PARTICIPATING

For additional information, please call or email Research Coordinator Abram Lyons, MSW, at 509-368-6590 or medicine.bhilab@wsu.edu

Washington State University IRB has reviewed and approved this study for human subject participation
